

CRAWFORD-IN-NEW SOUTH WALES STUDENT AWARDS

Applications are invited from tertiary students interested in gaining international agricultural research experience in developing countries.

OVERVIEW

The Crawford Fund encourages greater recognition of the importance of international agricultural research and development to Australia by actively engaging in international agricultural research. The New South Wales Committee of the Crawford Fund offers a small number of competitive travel awards for tertiary students. The purpose of the awards is to facilitate active student participation in international agricultural projects, in order to help them gain valuable experience and expertise in developing countries. A maximum of three awards will be made available.

The awards are open to tertiary students from NSW, with priority given to Australian nationals and permanent residents. Applicants should be engaged in a relevant biophysical or socio-economic aspect of agriculture, animal production, fisheries, forestry, natural resource management or food security. The award takes the form of a bursary to a maximum value of \$3000 per awardee, and can be used for airfares, other travel costs, accommodation and subsistence, and/or operational research costs.

The Crawford Fund Student International Agricultural Awards are designed to augment funding from other sources—for example, agricultural research and development assistance projects being undertaken in overseas countries where the students intend to work and gain experience. The projects that the students plan to link with can be governmental (e.g. ACIAR, FAO), non-governmental (NGO), commercial (e.g. seed or R&D company) or in association with a university. Funding to carry out research that is part of their degree work, or to attend research conferences overseas will not be considered, unless it contributes to promoting international agricultural research in developing countries.

HOW TO APPLY

Applicants need to complete an **application form** and outline the benefits expected from the Crawford Fund Student International Agricultural Award. The benefits of the award could be through stronger linkages in research areas of interest to NSW industry; understanding the application of technical knowledge to different agricultural systems; or knowledge that will help foster NSW–developing country commercial engagement. Proposals will only be considered if they include a signed statement of approval from the agency (university, government, NGO or company) where the student is based. It is expected that the successful applicants will be amenable to involvement in public awareness activities associated with the award. Awardees are required to provide a written report to the NSW Crawford Committee describing what they learned during their Crawford Fund Student International Agricultural Research Award activities.

The closing date for award applications is COB **Friday, 31 March, 2017**.

Applications should be sent to Dr Deirdre Lemerle who can be contacted via email (dlemerle@csu.edu.au) or phone (0419 816 267).

CRAWFORD-IN-NEW SOUTH WALES STUDENT AWARDS

APPLICATION FORM FOR TERTIARY STUDENT INTERNATIONAL AGRICULTURAL AWARD

(To facilitate completion of the form, refer to the notes and selection criteria below)

1 The Applicant	
Name:	
Address:	
Email:	
Telephone/mobile:	
Host university:	
Degree & discipline of course:	
Year of enrolment:	
Full time or part time:	
Date of birth:	
Gender:	
Nationality (please indicate citizenship and permanent residence):	

2 The Host Project or Activity with which the Applicant proposes to link	
Project title of host project (in overseas country):	
Host institution in overseas country:	
Host institution in Australia (if additional to a NSW university):	
Brief description of Host Project (~100 words):	

3 The Proposal	
Title:	
Key objective:	
Expected outcomes:	
Benefits to NSW:	
Dates of activity:	
Risks associated with activity:	
Brief description (include linkage of the proposed activity to the project)	< 1 page Please attach

4 Budget—Funds (AUD) requested from Crawford Fund (variable amount up to \$3000)	
a) Air travel:	
b) Accommodation:	
c) Subsistence:	
d) Local travel:	
e) Miscellaneous (please specify):	
Total funds requested from the Crawford Fund:	
Funds available from other sources to contribute to cost of visit:	

5 Approvals	
Authorised officer of home university	
Name, position & email:	
Signature:	
Authorised officer of the overseas project organisation	
Name, position & email:	
Signature (or scan):	

6 Academic referee (at least one)	
Name:	
Position:	
Contact details:	

NOTES AND SELECTION CRITERIA

<p>1</p>	<p>The applicant</p> <p>Applicants must be enrolled at a recognised NSW tertiary institute in a relevant disciplinary area in agriculture, animal production, fisheries, forestry, natural resource management or food security.</p>
<p>2</p>	<p>The host—international agricultural research project or activity with which the applicant proposes to link</p> <p>The project that the applicant proposes to link to can be governmental (e.g. ACIAR, FAO), non-governmental (NGO), commercial (e.g. seed company), or university based.</p> <p>Provide details of the international agricultural research project or activity that you plan to link with (who is conducting it, who is funding it, where it is based, what are its main objectives) and how you plan to link the proposed activity with the project.</p> <p>Funding to attend research workshops overseas will not be considered unless there is a strong case that the focus of the workshop itself aims to promote international agricultural research.</p>
<p>3</p>	<p>The proposal</p> <p>Provide details of what you propose to do if you are successful in obtaining a Crawford Fund Award.</p> <p>Describe how you propose to link with the host organisation and describe how the project activities match the objectives of the Crawford Fund—that is, provide clear justification as to why you think the Crawford Fund should support your proposal.</p> <p>While this international agriculture initiative is designed to assist the host country where it is conducted, projects need to be of mutual benefit to New South Wales, as well as of benefit to the applicant. Proposals that can clearly demonstrate benefit to NSW (e.g. through stronger linkages in research areas of interest to NSW industry, access to technical knowledge of local interest, understanding the application of technical knowledge to different agricultural systems, or knowledge that will help foster NSW–developing country commercial engagement) will have an advantage.</p>
<p>4</p>	<p>Budget</p> <p>The Crawford Fund Student International Research Awards can be used for airfares and other travel costs, accommodation and subsistence, and/or operational research costs, to a maximum total value of \$3000 per awardee. The final payment of \$500 will be held until receipt of the agreed report by the Crawford Fund.</p> <p>The Crawford Fund support is designed to augment support from other sources. Provide brief details of cash and in-kind support available from other sources to support the proposal described in Section 3.</p>
<p>5</p>	<p>Approvals</p> <p>Approvals are required from Authorised Officers representing both the Host University where the applicant is enrolled, and the Host Country Project or Activity with which the applicant proposes to link.</p> <p>The proposal should include comprehensive details of OHS (Operational Health and Safety) plans and the support being provided by the Host Institute (e.g. university) or the Host Country Project or Activity. Please indicate if this includes insurance cover.</p>
<p>6</p>	<p>Referees</p> <p>The Authorised Officers in Section 5 may also act as Academic Referees for the applicant or the applicant may wish to nominate other referee(s).</p>
