

# Crawford Fund for Food Security - 2025 to 2030 Strategy

## Our Purpose

Promoting Australia's participation in international agricultural research & demonstrating the value for both developing countries and Australia

## Our Vision

A food secure world where sustainable agriculture & resilient agri-food systems reduce hunger, malnutrition and poverty

## Our Values

Working in Partnerships | Adding Value | Demonstrating Impact | Building Lasting Capacity

## Our Objectives

Increasing the level of engagement by Australia in international agricultural research, development, & extension (AgRDE)

Building institutional & individual capacity for international AgRDE in Australia & our partner countries

Increasing public appreciation of the benefits of Australia's participation in international AgRDE

Building Crawford Fund for Food Security as a viable organisation
