

THE CRAWFORD FUND FOR FOOD SECURITY ANNUAL CONFERENCE

Emerging Voices Shaping Regional Integration for a Food Secure World

10-11 August 2026

Parliament House, Canberra,
Australia, and online

Integrating Black Soldier Fly into Fish Feeding Strategies in Papua New Guinea for Sustainable Aquaculture

Chenxiang Zhang
University of New South Wales

The Crawford Fund Conference 2026

A Nutrition Challenge in PNG

1 in 2 children is stunted

Imbalanced diet

Aquaculture Potential vs Feed Bottleneck

Thousands of fish farms

Limited feed availability & high cost

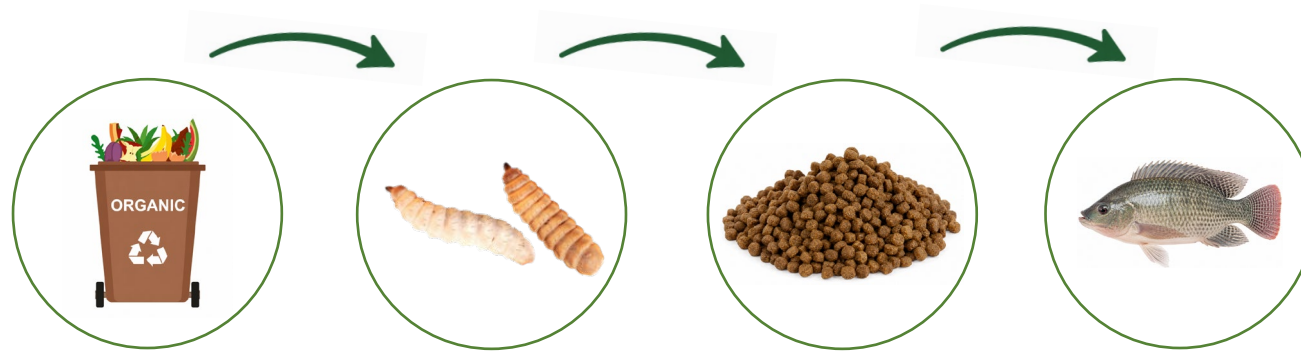

Developing locally available and sustainable feed resources is essential

A Proven Solution

Black soldier fly technology is already working in practice in other countries

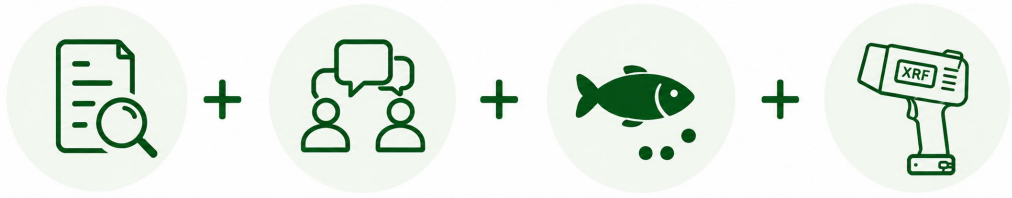

BSF production facilities

Josephine's farm

From Proven Technology to Local Adoption

Desktop study Social survey Feeding trial Analyses
